Muldoon of the Carbondale Public Library, I have brought Thomas Murphy's two-volume history here today.

Murphy photograph--Volume I

Murphy biographical sketch--Volume II, page 787

- Four of the 1,400 historical markers that were erected in the Commonwealth by the PHMC beginning in 1945 were erected in Carbondale. One Gravity Railroad historical marker (at White's Crossing), and three Carbondale Historical Markers.

    1. Route 6 at White's Crossing

        --still standing and in good condition

    2. Route 106 at Fallbrook Road

        --missing for years, turned up on Friday, 09-17-1982 after the article announcing these ceremonies this morning ("Historical Marker Installation Set," THE SCRANTON TIMES, 09-17-1982, page 8) was published in THE SCRANTON TIMES. Discovered by Skip Race of Carbondale.

    3. Route 6 at Childs

        --Joe Pascoe discovered that it was knocked down
        JVB and SRP rescue the sign and store it in the CPL with Miss Muldoon's permission
        RTP and SRP get the post
        RTP repairs the post
        RTP and AMSP paint the post and the sign
        Carbondale Decorating Center donated the paint and the brushes for the project

REMARKS by Robert Smith, Director of Research and Planning, Economic Development Council of Northeastern Pennsylvania

- SRP will introduce Smith

THE WURTS BROTHERS AND THE DISCOVERY OF ANTHRACITE COAL IN CARBONDALE by John V. Buberniak, Committee to Restore Carbondale City Hall, Inc.

- SRP will introduce JVB; read the text of the sign before introducing John
